

# BIG POLAROIDS

a Solo show by **FRANC PALAIA**

**SEPTEMBER 8 - OCT 31, 2023**

opening reception, Friday **Sept. 8** from **6-8 pm**

Award winning artist and photographer, FRANC PALAIA is presenting a selection of photographic enlargements of his original series of hand-colored SX-70 Polaroid photographs spanning three decades. Imagery in this exhibition include scenes from Italy, Greece, Croatia, Cuba and the USA. PALAIA's experimentation with the application of oil based crayons onto the SX-70 surfaces awarded him two Polaroid sponsorships. The archival color photographs in the CO. exhibition measure 3ft x 3ft, which are 144 times larger than the original 3"x 3" SX-70 Polaroid photographs. The photographs look as much like oil paintings as they do photographs.
